Finding Data Sources for the Community Economic Ambassador Project

Start with the Library Research Guide!

On the Library Webpage, click on Scroll down and click on Economics Program Guide. Then click on Finding Economic Data.

Wisconsin Economic Development Corp. (WEDC)

City and County Community Profiles: Choose a city or county in Wisconsin to access detailed reports on demographics, labor force, consumer expenditures, wages, businesses, talent pool, and more.

Locating a Business in Wisconsin: Search Tool: This tool allows you to search properties and businesses, compare communities and display demographics, labor force data and more.

Bureau of Labor Statistics

The Wisconsin section of the Regional, State and Metro Area Data is where you will find economic summaries, labor force statistics (employment, unemployment), occupational employment and wages, Consumer Price Index, and more.

U.S. Census

Use the American FactFinder Community Facts Search to find popular facts (population, education, income, industries, etc.) and frequently-requested data about your county, city, or zip code.

Ask for Help!

1. Contact Julie Chapman directly: julie.chapman@nwtc.edu or call her at 920-498-5490
2. Come to the Library Desk.
3. Call the main Library phone number: 920-498-5493.
4. Go to the library’s webpage and click on Ask a Librarian. You then have the choice to search for an answer, email your question, or start a live chat during Library hours.
5. Text a librarian at 920-288-2ASK (920-288-2275) during Library hours.
